Capture of a Female Young Elephant in Theertahally T

Memo

GOVERNMENT OF MYSORE
SECRETARIAT
FILE NO. 2284-23
SERIAL NO.

With his letter No. 274/262 dated the 8-7 June 1892 the Dy. Commr. of Shemoga forwarded a copy of his letter to the Asstt. Conl of Forests regarding the capture on the 11th June 92 of a young female elephant in the Villages of Bethli -

GENERAL.

NOTIFICATION.

The 15th September 1886.

No 174.—In supersession of the Dewan's Notification No. 219, dated the 3rd February 1885, and in modification of Proceedings No. 4723-31—168, dated 22nd November 1885, the following rules in regard to elephant tusks are published for general information :—

"1. Elephant tusks form an item of royalty, and therefore the tusks of all wild elephants which may be destroyed, whether on private or Government property, belong to Government, and should accordingly be handed over to the Deputy Commissioner.

"2. Licenses granted by Government under Section 7 of the Madras Act I of 1873 for the destruction of wild male elephants shall be subject to the condition that the person to whom such license is granted shall surrender to Government the tusks of the elephants destroyed.

"3. If the person who shoots an elephant wishes to keep a tusk as a trophy, he will be allowed to buy the shorter of the two tusks at 75 per cent of the market selling price of ivory. If the elephant shot has but a single tusk, and the person shooting it desires to keep it, the same will be sold to him at the full market price".

By Order,
R. VIJAYINDRA RAO,
Chief Secretary.

B

was the animal examined by the Mahout who stated that the tusks were presented to H.H. the Maharaja while

the Brahmans of Balacar who took part in the capture wanted the same to be delivered up to the Anjenayar temple for which they have spent a large sum. And the man who actually caught the animal prayed for a suitable reward. Mr Rickett suggested that if the animal was not caught within the prohibited area she may be made over to the Catchers

Gunthas orders have been passed to the effect that the elephant may be presented to the people who effected its capture. They can either keep it or dispose of it in any way they please but that the Dy Conr. should first carefully ascertain and record the names of catchers and hand over the Elephant to the whole body of them"

x by the Devan

N.A. issued [illegible]
draft submitted herewith.
D.D.
6/8/92

Serial 4

5 In continuation of this letter (Serial No. 3) the Asstt. Supdt. reported that he deputed a Mohaut to take charge of the same as the animal was not candy in view to sell her along with Khedda elephants, and suggested that a percentage of sale proceeds may be allowed to the Catchers deducting all expenses.

No 4.

6 In this office No. 984/R 148-92 dated 20th July 1892 sanction was accorded to the sale of the elephant, and a further report was called for as to the disposal of the sale proceeds. This report has not come as yet.

6 With reference to previous letter, the Dy. Comr. of Shemoga in his No. 415/398 dated 22nd July 1892, solicits early orders and states that

the annual is not likely to sell well locally, he has orders from the Insp. Genl. to keep her along with the Khedda elephants tobe the next sale.

Submitted with Act I of 1873 and rules as directed on slip attached to Serial No 6.

Memo: for orders

The Act is silent upon the subject in question. It only deals with the question of destruction of elephants and not of their capture

Under rule 1 of Notifn No. 174 dated 15th Septr 1886, elephant tusks form an item of royalty and therefore the elephants, when captured will become Government property whether caught on Government or private land.

Shimoga 13th June 1892.

To
The Inspector General of Forests
and Plantations in Mysore

Sir,

I have the honor to report that a female calf elephant 4 feet high has been caught alive by one Sesha and others of the Bekai Kuchigidda village, Sirthalli Taluk, on the evening of the 11th Instant.

2. The Brahmins of the adjoining village of Balgar who appear to have helped in the capture say that they wish to have the calf as the property of their temple, while Sesha, the man who, in the first instance, put the noose round the neck of the animal securing her to a tree prays for a suitable reward from Government.

3. The Amildar represents that the calf may be presented in the name of the people of his Taluk to H. H. the Maharajah. The Amildar who is away from his Head Quarters adds that he has asked his

Sheristedar to take charge of the animal.

4- I have asked the Assistant Conservator of Forests to take charge of the calf and see that it is well looked after pending orders of the Government.

5- Intimation of the capture has been given to Major Pigott who is apparently in the Yadehalli Sub Taluk.

6. It is evident that the calf separated from the herd when it was scared away, Major Pigott having shot some including she-elephant or elephants.

7. Copy of the Amildar's report with enclosures is enclosed for information.

OFFICE OF THE INSPECTOR GENERAL OF
FORESTS AND PLANTATIONS IN MYSORE,

Dated Bangalore 29th June 1892.

Enclosures. 5

(4)

From

The Inspector General of Forests,

Mysore,

To

The Chief Secretary to the Government of Mysore

SIR, I have the honor to submit for orders of Government copy of letter No 638 dated 13th instant from the Deputy Commissioner, Shimoga, reporting the capture on the 11th idem of a young female elephant, 4 feet high, by the Villagers of Beksikengi gudi and Balagar in the Tirthahalli Taluk, and transmitting copies of the Amildar's report and of its enclosures which are herewith forwarded for needful reference. It will be seen that this animal was hunted after and caught under the orders of the Amildar on his receiving intelligence of the animal having got into the Malnoor Magni of his Taluk. The Amildar proposes the young elephant being presented to His Highness the Maharajah in the name of his Taluk people while the brahmins of Balagar who took some part in catching the animal want the same to be delivered up to their Anjaneya's temple for which they have spent a large sum. But the man named Seisha who actually caught the Animal prays for Suitable reward from Government for his services.

2

2. It is not clear to me whether the animal can be claimed by Government as its property. It however seems that the Catchers are rather entitled to the animal if it was not caught within the prohibited areas, and if Government concur in this view the young elephant of which the Forest Officer has been directed by the Deputy Commissioner to take charge may be disposed of accordingly.

I have the honor to be,
Sir,
Your most obedient Servant,

Inspector General of
Forests.

In continuation of my letter No. 1007/76 dated the 29th ultimo, I have the honor to forward copy of my docket No. 1193/93 dated 14th instant, to the Deputy Commissioner, Shimoga, and to state that as the calf elephant was not well cared for and moreover had wounds on head and tail, a Mahout from the Kheddahs had to be sent to take charge of it. The best plan would seem to be to sell the animal, allowing the catcher or catchers a certain percentage of Sale proceeds, deducting all expenses.
